

Chatham Building Committee Meeting
November 11, 2014 7 pm

Ron Briggs, Barbara Eastman, and Maryann Eastman met to share information on progress of proposals.

Bill Perry, Susan Logan, and Lisa Lewis were unable to attend

Ron reported that Bill is looking into a company called Liberty Safes in regards to the records storage issue.

Still waiting to hear back from Quint and Cormack

Discovered that in our case the 25% rule does not apply as per the Fire Marshall.

We might be able to extend the North side of the building, thereby making the extension a little bigger to accommodate the bathroom/heating system, unless it can go under the building. Unknown at this time.

Ron is going to get someone to dig a test pit. Ron Ela or Carl Limmer maybe

that is all.

Respectfully Submitted by Maryann Eastman
