

TOWN OF CHATHAM

February 4, 2014

Attendance: Wayne McAllister, Patricia Pitman, Wayne Infinger, Bill Briggs,

The Board approved the January 7th meeting minutes.
The Board signed the vouchers.

The Board received a letter from the DOT. The bridge on Langdon Brook Road needs signs put up to be in compliance. The bridge belongs to the White Mountain National Forest. Wayne McAllister contacted the DOT. He gave them the contact information for WMNF. A letter is also being sent stating that the road is closed subject to gates and bars at the intersection of Toad Hill Road and Langdon Brook Road.

The Board received a letter from Health Trust. It appears that Health Trust may have taken over for PLT Workers' Comp. Wayne Infinger has been unable to reach them but will continue to try.

Tom Bucu notified the Board via e-mail that the bill that was meant to eliminate timber taxes was killed in committee.

The Board received an e-mail from Heidi Murphy. The Fish and Game dept. will over see only the wolves and coyote. They will not be overseeing the wolf hybrids. The dogs will still need to be licensed with the town.

Chris Lewey was sent an application for an abatement.

Stephen Fink was appointed to be the deputy town clerk/ tax collector. This was approved by the Board.

Respectfully Submitted,
Patricia Pitman
